PROFESSIONAL SUMMARY: MERN Stack Developer skilled in React, Javascript, Node, Express, and MongoDB with hands-on experience building full-stack features like authentication, dashboards, and image uploads. Strong problem-solver, fast learner, and focused on clean, production-ready code.

EDUCATION

MSC of Science in Computer Science | **2025**
Pune University | **85.5 %**
Bachelor of Science in Computer Science | **2023**
Pune University | **82.08 %**
Higher Secondary Certificate | **2020**
Pune University | **75.80 %**
Secondary School Certificate | **2018**
Pune University | **89.60 %**

PROJECTS

1. Portfolio

- Developed a Portfolio Website to showcase frontend technologies (React+Vite, Tailwind CSS, Javascript).
- [\[GitHub\]\(#\)](#) | [\[Live Demo\]\(#\)](#)

2. Drive-Finder

- Created a full-stack car rental web application using the MERN stack. Implemented features like search filters and an admin dashboard.
- [\[GitHub\]\(#\)](#) |

3. Notes-Wala

- Developed a React-based web app that provides degree notes, question papers, and PDFs. Built the application using the MERN stack to manage educational resources.
- [\[GitHub\]\(#\)](#) | [\[Live Demo\]\(#\)](#)

SKILLS

Technical Skills

- Programming Language: HTML5 , CSS , Tailwind CSS, JavaScript
- Framework and Libraries: React , Node.JS , Express.JS
- Database: SQL , MongoDB
- Tools: GitHub , Netlify , Onrender, VS Code

Soft Skills

- Communication
- Problem Solving
- Leadership

INTEREST

-
- Gaining in-depth knowledge of computer science.
 - Teaching and Learning new technologies.
 - Starting a new startup business.

CERTIFICATION

-
- **MERN STACK Development** by Road To Code

DECLARATION

-
- The information stated above is true to the best of my knowledge and belief.
